

THE BEST BI-FOLD BY FAR

deceuninck®

NOTHING BEATS THE

Take control of your space and enjoy the unrestricted views of your garden, terrace, patio or pool that only a Bi-Folding Door can offer. Deceuninck has been designing and manufacturing profiles and accessories for Bi-Folding Doors for almost twenty years and that experience is reflected in our latest generation of 3000 Series products.

Conventional sliding patio doors or double doors remain a traditional solution but a Bi-Folding door can offer so much more bringing a modern and contemporary feel to almost any home.

With a wide choice of design and colour we believe a Deceuninck Bi-Folding door is the best by far so call your nearest Deceuninck Installer to find out more.

FEEL GOOD FACTOR OF

- Multi facet door panels fold back to allow the widest aperture of unrestricted access.
- Can be specified to fold inward or outward to optimise space where most needed.
- PVC-U profiles are highly durable and low maintenance, need no painting or preservative treatment and will not rot, warp or twist.
- Environmentally friendly and thermally efficient utilising state of the art weatherseals to keep the worst of the weather at bay.
- Fully compatible with the full range of Deceuninck windows, doors and conservatory products.
- Wide choice of configurations to suit a multitude of applications.
- Comprehensive 10 Year Guarantee on PVC-U profiles.
- Select from an attractive range of colours from the Deceuninck Deuctone Colour collection.

OPEN LIVING SPACE

Open up opportunities. Bi-Folding Doors find favour in a wide range of commercial applications too! It's not just homeowners who can benefit from fitting Deceuninck Bi-Folding Doors; our products find favour with many business users who are happy to realise the benefits that installing a Bi-Folding door can offer. From restaurants to rest homes the easy access and efficient use of space offer substantial flexibility with obvious benefits.

Deceuninck offers technical support and advice to architects and installers wishing to learn more about the flexibility and performance of our Bi-Folding Door products.

Specify, Buy, Install Deceuninck products and you can be sure of making the right choice whatever your preference.

Deceuninck is the world leader in providing high quality PVC-U Bi-Folding Door Systems

PROCESSCOLORS BY DECEUNINCK

If you like the thought of an outdoor lifestyle you will love the feel of outdoor living that a Deceuninck Bi-Folding Door can bring. A seamless transition from dining room to terrace deck becomes a reality that can transform your home and the way you live.

Whether you are trying to lighten up your living room, create a feeling of spaciousness in a residential or commercial area or breathe new life into a neglected room, a Deceuninck Bi-Folding Door is the ideal way to complete a facelift.

Unique in design and appearance Bi-Folding Doors are like no other door product in the way in which they can open up and stack conveniently to allow the widest, unobstructed view bringing your garden or patio into your home.

Technically advanced and aesthetically pleasing Deceuninck Bi-Folding Doors utilise hard wearing, durable components to ensure low maintenance and long life. Depending on the size of your opening you can select from a number of options and door facets to truly personalise your doors to fit your operating preference.

Your Deceuninck Installer will be happy to advise you on availability and suitable options to meet your requirements including standard colour White plus Rosewood and Golden Oak woodgrain finishes. A range of additional attractive colours is also available to special order from our Deceuninck Deuctone Colour Collection.

So there you have it, the best Bi-Folding Door by far.
