Roommate Agreement Form

Building: ____________________________________ Room/Apt #: __________________

Communication is essential for a positive relationship with your roommate(s). To facilitate this process, it is important to address living preferences.

Please use the following document in this manner:
1. Respond to each question with your own preference, each roommate individually.
2. Examine and discuss the differences with your roommate(s).
3. Try to agree on a way to resolve those differences before conflicts arise, in a manner that will be satisfactory to all of you. This may involve compromise, so please be open and flexible, yet assertive of your own needs.

** Community/Personal Property

My roommates may use these possessions of mine:

** Responsibilities

A second area of potential difficulty is “responsibilities”. It is important for roommates to share the responsibilities that are part of the residence hall/apartment experience. Things such as cleaning the room, keeping the room secure, messages and phone use, and other shared responsibilities for the living area are all important matters that cannot be neglected.

1. **Security**

I agree to lock the door whenever I leave and not give out my ID card and pin so others have access to our room. I also understand that failure to do so could constitute negligence, resulting in a fine. If theft or vandalism to property in the room/apartment results from my negligence, I understand that I might be held liable for the loss.

For those areas where we differ on visitation preferences, we have decided to compromise in this manner (list areas and compromise):

____________________________________________________________________________________________________________

6. **Problem Solving**
When a conflict arises between any of us concerning our living preferences, we agree to take these steps to resolve the issue:

____________________________________________________________________________________________________________

7. **Other**
If you encounter any problem that you have not talked about in this agreement, you should modify this agreement to suit the situation. All roommates must take part in the process in order for it to succeed. Please describe any other agreements that all of you are making:

____________________________________________________________________________________________________________

* * * *
If problems do occur, you and your roommate(s) must make all the efforts necessary to solve the problems between yourselves. It is best to try to resolve the disputes between yourselves. Your Resident Assistant is available to assist you with roommate issues at any time. Your residence life handbook outlines the appropriate steps to settle disputes in a satisfactory manner.

We as roommates intend to abide by all the policies we have made. We agree to be flexible and revise this agreement as it becomes necessary.
