Apartment Checklist

This resource was created by the Johns Hopkins Housing Office. For more information, please contact Robin Lenzo, the Housing Director via email

jhmihousingoffice@jhmi.edu

It is in your best interest to request a walk through your new apartment/property rental with your landlord within 15 days of your move-in date to document any pre-existing damages. This is also your right under Maryland Housing Law. Always keep a copy of this checklist with your lease and give a copy to your landlord for their records. You should use this form or a similar form to conduct your walk through with your landlord.

Maryland Code, Real Property, Section 89-203

(d) List of Existing Damages – either the lease or the receipt must contain language informing the tenant of is right to receive from the landlord a written list of all existing damage(s) to the leased premises if the tenant so requests in writing within the first 15 days of occupancy.

If requested, the landlord must provide the list of damage(s). If he does not, he is liable to the tenant for three times the amount of the security deposit. This liability of the landlord may be reduced by any damages or unpaid rent which he is entitled to under this (Security Deposit) section.

Now that you have found an apartment/property rental that interests you, a thorough inspection of the property is recommended. This should be done with the landlord/property manager present. A written copy of this form and any other documentation describing the condition of the property should be mailed to the landlord/property manager within 15 days of taking occupancy of the apartment/rental property. Please make sure to keep a copy for your records and take photographs, if necessary, of the damage.
